**Two day National Conference on
"Teaching in Technological Era"**

9th & 10th August 2017

Organized by

The Department of Education

About the Institution

Avinashilingam Institute for Home Science and Higher Education for Women is situated in Coimbatore, South India. Ever since its inception as a college in 1957, and then its transformation as a reputed University, empowering women through higher education and research, the University has attracted grants from DST, UGC, DRDO, DBT, WHO, FAO & UNICEF. The hallmark of this University is to enhance the educational and research aptitude of women while rooting them in cultural and ethical values. This fine blend of modern scientific temper and cultural values has fetched national and international accolades to the University. The University Grants Commission (UGC), the higher education authority, has accorded 12 B status to this University for Women.

About the Department

The College of Education was established in 1968 with 70 students in the B.T course and the Faculty strength of just 5. The college which was affiliated to the then Madras University started with only Mathematics, Home Science and English as courses in B.Ed programme and soon increased its scope by offering more courses. Vertical expansion was effected by introducing M.Ed. Degree course in 1973, M.Phil. (Edn) in 1986 & Ph.D. (Edn) in 1989.

The year 1988 saw the College of Education coming into the fold of the newly born Avinashilingam Deemed University in the name of Faculty of Education. The Faculty comprises of Department of Education, Department of Special Education and Department of Physical Education engaging in multifarious activities for the development of students so as to enable them reach excellence in all walks of their life in future.

About the Conference

Technology can be used to improve the ways in which we teach and learn. This conference is aimed at equipping the participants with the development of their ability in technology. Development of different techniques with technology assisted materials will benefit a varsity of population. Planning with the technology will help the teacher to motivate the learners to get them involved in the classroom since Technology based teaching becomes the trend of the day.
