About the Institution

Dr. T.S. Avinashilingam, a great educationist, a freedom fighter, an associate of Mahatma Gandhi, an ardent follower of Sri Ramakrishna and Swami Vivekananda's teachings, the first Education Minister of Independent Madras Province founded this group of institutions under the Avinashilingam Education Trust. First started in 1957 as Avinashilingam Home Science College for Girls, later became an autonomous college and became a Deemed University in 1988 under the name Avinashilingam Institute For Home Science And Higher Education For Women.

This University offers education at the Under Graduate, Postgraduate levels and provides opportunities for doing research leading to M.Phil. and Ph.D Degrees. Specialized education is given along with Indian culture and social, moral and spiritual values. This is the first University in India where NSS and CSS were made curricular components.

Vision

Self- development and empowerment of women through modern, scientific and value based education to enable them to lead a purposeful life filled with moral and spiritual values.

Mission

The mission of the University is to provide quality education of global standards on a strong foundation of Indian values and traditions to women students based on current advances in science, technology and societal demands with emphasis on commitment to social progress, peace, harmony and national integration.

Faculty of Engineering was established in the year 1996 with the approval of AICTE. The

campus is spread over an area of 100 acres and is situated 6 km off Mettupalayam Road at Thudiyalur. The campus is well developed with excellent infrastructure for classrooms, laboratories, library, hostel, round the clock medical and banking facilities, transportation, telecom, stationery, cafeteria, 24 hours internet facility and Wi-Fi connectivity. The courses offered are:

BE Degree

- Biomedical Instrumentation Engineering
- Civil Engineering
- Computer Science and Engineering
- Electronics and Communication Engineering
- Food Processing and Preservation Technology
- Printing Technology

ME Degree

- Medical Electronics
- Computer Science and Engineering
- VLSI Design
- Food Technology

PhD Degree

- Biomedical Instrumentation Engineering
- Civil Engineering
- Computer Science and Engineering
- Electronics and Communication Engineering
- Food Processing and Preservation Technology

B.Voc Degree

- Food Processing and Engineering
- Medical Equipment Technology

About the National Seminar

Dr. B.R. Ambedkar was among the first set of Indians who were trained systematically

and he was a pioneer in thinking and analyzing political, economic and social dimension of societal maladies in India.

Eleventh and Twelfth Five year plans of India have emphasized the need for achieving inclusive development. The term "inclusion" is indeed a confession of economic philosophy of Dr. Ambedkar. In the recent times, problems of unemployment, financial crisis, inequality and poverty have become acute. The theorists, practitioners and activists are involved in finding feasible solution to the problems. Under such circumstances, it is the responsibility of the academicians to bring in the ideas of Dr. Ambedkar in educational institutions.

In this backdrop, the National seminar on "**Thoughts of Dr. B.R. Ambedkar and its Relevance to Contemporary Society**" is being organized with the following objectives:

- To create awareness about the thoughts of Dr. B.R. Ambedkar and its relevance to the contemporary society.
- To provide knowledge about the political, economic and social philosophy of Dr. B.R. Ambedkar and encourage the youth to participate effectively in nation building.
- To motivate youth to work for the upliftment of the downtrodden people.

Sub Themes of the Seminar

- Political and Economic thoughts of Dr. B.R. Ambedkar
- Dr. Ambedkar's contribution towards social justice.
- Dr. Ambedkar's view on education and skill development.
- Dr. Ambedkar and women empowerment and other related issues.

National Seminar on
**'Thoughts of
Dr. B.R. Ambedkar and
its Relevance to
Contemporary Society'.**
