

Google Classroom

GSuite for Education has been procured during March 2020 and during the entire Lockdown period, all the academic activities and administrative activities are carried over with the help of GSuite. Classes, Seminars, Internal tests, Examinations, Viva voce examinations, Practical Classes, Practical examinations, seminars, Material sharing, Quizzes, Document submissions etc are done without any hassle through Google Classroom facility. Moreover, many webinars, Trainings, workshops, Student's induction programmes are conducted through GSuite. Students and Faculty members are provided with unlimited storage so that they can store all the econtent materials, test papers, presentations, project documents in the drive space.

Following is the statistics of usage of GSuite, Google Classroom facility by all the stake holders of the Institution.

No. of active users	11,834 (both students and Faculty members)
No. of meetings / webinars / online classes conducted in the past 30 days	7713
No. of active classrooms in the past 14 days	1013

By logging with credentials, the students will be able to access classrooms for live streaming of classes, digital course materials, assignments, and assessments with timely feedback. This helped the students to pursue their academic activities without any interruption or delay.
