Coimbatore - 641043

*Re- accredited with 'A' Grade by NAAC*

# *Language Laboratory Report*

*(2015-2016)*

## **Language Laboratory Report**

**(2015-2016)**

Two special modules (one for each semester) are designed for the Hands-on training in Cambridge English ESOL software facilitated through Hi- Class classroom management software version 4.2, to be held in the Communication Skills Centre.

**Students learning pronunciation techniques**

The students who were trained during 2015-16 were all the UG students of the 2013 batch pursuing their III year 5<sup>th</sup> semester. 1365 students benefited from the language lab. The Language Laboratory with Globarena software is used extensively by a number of 235 B.E

and B.Voc students to hone their language skills. Active Listening, pronunciation, and articulation skills are sharpened by making the learners have hands-on training.
