Avinashilingam Institute for Home Science and Higher Eductaion for Women

Coimbatore- 641043

ANNUAL REPORT 2015-2016

Sri Avinashilingam Home Science College for Women was established by the great patriot and educationist Dr. T.S. Avinashilingam under the auspices of the Avinashilingam Education Trust in 1957 with 45 students. The growth of the Institution has been carefully nurtured to its current heights by the world renowned educationist and nutritionist, former Chancellor of the University. Dr. Rajammal P. Devadas. It is now the largest Institution in the country for imparting Home Science Education at all levels. It was one of the eight colleges on which autonomy was conferred by the University of Madras in June 1978 and the first of the women's colleges to get this distinction. Autonomy gave the College scope for academic freedom for innovations in tehaching and research.

The Government of India declared Sri Avinashilingam Home Science College for Women and Sri Avinashilingam Teacher's College for Women as a Deemed University under Section 3 of the UGC Act in June 1988. These Colleges have been renamed as Avinashilingam Institute for Home Science and Higher Education for Women. Dr. T.S.K. Meenakshisundaram had assumed the Chancellor from 21.12.2010, from 23.11.2015, Dr. P. R. Krishnakumar assumed the Chancellorship. He is the follower of the Founder-President Dr. T.S. Avinashilingam Ayya Avargal.

The university follows the educational ideals of Sri Ramakrishna, Holy Mother Sri Saradamani Devi, Swami Vivekananda and Mahatma Gandhi and upholds a life of purity, discipline and service. A temple dedicated to Sri Ramakrishna commands the campus. Daily prayer is an integral part of campus life. All the students and staff are expected to participate in the common prayers.

The University functions under seven faculties, namely, Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development. Each faculty functions under the headship of a Dean.

The pattern of education has been fully semesterised. The academic year is divided into two semesters, each semester having minimum of 90 teaching days. The semester pattern offers each student individual attention of the teacher and facilitates the students all- round development. It calls for active participation of the students in the learning process.

Regular attendance is an important feature of the semester pattern. In all programmes, a student should have a minimum of 75 percent attendance for both theory and practicals to appear for the Comprehensive Semester Examinations. Examinations for the courses offered in a Semester are conducted in the same semester to make learning more effective and to reduce the burden on the students.

Deemed University from 1991. While the scheme has all along been voluntary, educationists have started thinking about the incorporation of it in the curriculum itself to give it an academic status, credibility and credit. Avinashilingam Deemed University which has a rich heritage in Community service and outreach activities had the urge and courage to pioneer in this noble venture and introduced NSS as a cross subject in the Undergraduate curriculum.

The major and unique educational innovation in the University brought forth has been incorporated Community and Social Service (CSS) in the curriculum at the Postgraduate level with academic weightage and credibility. The major tasks of CSS are cooperatively determined to promote action achievable by the level of maturity of the group, permitted by the available resources and defined in terms of behaviour changes among students and the members of the community. National Cadet Corps came into existence in the university in the year 1968. Regularly parades are conducted in the campus. In addition the cadets attend various camps and conduct special activities every year.

The University has well equipped library that caters to the research and teaching activities of institutions, a computer centre to provide additional support to the computer related activities of the University, an Instrumentation Maintenance Facility (IMF) which provides essential support of servicing and maintaining laboratory instruments and Electronic items utilized in various laboratories of this university, a health center, Sradalaya Canteen, Hostel for students and Saradalaya Press with modern computerized Offset Printing Press facilities.

Examination System

Continuous Internal Assessment (CIA) was first introduced in Avinashilingam Home Science College in the year 1976 and continued in the autonomous set-up. The CIA component which was 25% originally was raised to 40% and then to 50%. Total Internal Assessment was introduced (100%) for Master's Degree students in the year 1988-89, when the college was conferred the Deemed University status. For the Bachelor's Degree Courses 100 percent Internal Assessment was introduced from 1990-91.

Continuous Internal Assessment (CIA) is the most crucial of the educational evaluation process. Teaching, learning and evaluation constitute a unity of functions in education. CIA is an integral part of this trinity. It has been recognized as the best yardstick to measure the students' performance in different aspects. CIA is the best way of evaluating the strengths and weaknesses in students' academic performance.

It provides the necessary feedback to the teaching-learning process. Since teaching and learning are continuous activities, evaluation should also be concurrent and continuous, based on the objectives of higher education in the University.

For the students, CIA offers many benefits, knowledge, interest in studies, comprehension, analysis, synthesis, application, evaluation, ability to handle tools and instruments, skills in communication, appreciation and creativity. Most of these cannot be measured externally through a two or three hours of written examination paper alone. Only CIA can indicate to the teacher and the student how well the student is learning and her level/depth of understanding. CIA motivates the student to acquire important skills and abilities which are not included in the external examination, which at the most can assess abilities in recall (memory) of facts, use of numerical data and coherence in written examination. CIA helps students not only to get optimum results but also make them regular, meticulous and purposeful in their approach to academic performance. It helps them to retain knowledge, since the assimilation period is spread over the semester. Thus last minute preparation just for the final examination is avoided.

12. LIBRARY

The base for the library, the Knowledge hub of the Avinashilingam Institute for Home Science and Higher Education for Women University has been laid down by Dr. T S Avinashilingam, the founding father of the illustrious institution way back in 1957. Under the dynamic leadership and perseverance of the succeeding Chancellors, the University Library has knowledge resource centre to promote study and research in the faculties of Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development.

The very purpose of our library is to integrate the information support system with the educational activities in all possible ways and to leap forward to the expectations of the academic community of our University and also those who resort to our library resources from other academic and R & D institutions.

The Library with 17500 sq.ft area is a domain for information seekers. It has the capacity to accommodate above 330 readers at a time. The Library functions throughout the year except a few national holidays. It functions from 09:00 am to 08:00 pm on all working days and from 09:30 am to 01:00 pm during the holidays. The Library provides open access system for all users.

LIBRARY COLLECTIONS:

The Library has rich collection of more than 2 lakh volumes comprising Books, Journals, Theses, Dissertations, Backvolume of serials and Non-book materials etc. The Library has a separate Book Bank for SC/ST students. During the financial year 2015-2016, the Library acquired 2322 books. The Library subscribed and made renewal for 160 print journals and also receives 86 journals as gratis. The library subscribes to various online resources like e-databases (EBSCO, SCOPUS, DELNET), e-journals (J-Gate management sciences, J-Gate engineering and technology, IEEE, ASTM, ASCE) and e-books (Springer, Wiley, Pearson, Mc-Graw Hill)

READER SERVICES:

During the year 2014-15, The library has 4706 registered borrowers and 1,97,190 book transactions were made at circulation desks (issue, return). Annually 4,60,750 book consultations and

4,32,320 periodical consultation were made by the readers. On an Average 1415 users visit the library per day. The library also extends its service to the needs of the scholars from other universities. This year more than one hundred students and staffs from other institutions visited the library for reference. The ILL (Inter Library Loan) request of the students, research scholars and faculty are being fully met through DELNET and J-gate Plus. The library has received nearly 39 articles and 9 books under Document Delivery Service.

LIBRARY AUTOMATION:

The Library has an excellent computing infrastructure, which includes hardware with networking equipment, software and help-desk facility and it has been completely automated, well networked with Wi-Fi connectivity. The library has internet connectivity with 1 Gbps leased line. The introduction of LMS – Koha software, Fedgate and Ezproxy software help the faculty members, scholars and students to have local and remote access to the library resources on 24*7 basis by adopting virtual learning environment. The information from the library is disseminated to various departments through campus network.

DIGITAL LIBRARY:

The library has signed an MOU with UGC-INFLIBNET to digitize and upload the full text Ph.D and M.Phil theses under Shodhganga project. The **financial assistance of ` 10.75 lakhs** has been sanctioned under this project for **setting up of ETD lab** and **digitization of M.Phil and Ph.D theses** (2007-2012). Now nearly 202 Ph.D theses & 10 synopses are available online under Shodhganga Shodhgangotri respectively. The library has access to web based Anti-plagiarism software Turnitin and iThenticate under Shodhganga project for evaluating research.

ELECTRONIC JOURNAL BROWSING CENTRE:

The University library has access to more than **20,684 e-journals, 1690 e-books, 14 e-databases** through UGC, INFONET, e-journal consortium and subscription. A separate browsing centre with more than 50 system and two high end server is established in the library for accessing these resources.

LIBRARY SERVICES :

The library has extended a wide range of services viz; E-learning service, E-Alert Service, Domain – Specific User Orientation, Document Delivery Request, Service on Request, Multimedia Service, E-Reference Desk, Photocopying Service and Virtual Reference Library.

The library provides **Special Services to Visually Challenged**. The library facilitates learning of students with visual impairment with the provision of software such as : JAWS (Job Access with Speech Software) (Visually Impaired), Kuruzweil Reading Machine Software (Visually Impaired/ Low Vision), Magic Software and specially configured hardware such as Readit Wand and ReadEasy Move. The library through the “**Earn While you Learn**” scheme supports the needy students.

LIBRARY SECURITY:

- **RFID (Radio Frequency Identification)** – RFID has added the benefit of improving book security. The three dimensional security gate kept in the library entrance helps to avoid book thefts. Nearly 1,00,000 books are tagged with RFID labels and all new books purchased are tagged immediately. The RFID staff terminal enable the use of multiple book issue/return. The Wanda reader helps for quick inventory of stock and for tracing books. The library has procured self service KIOSK to enhance the circulation activity.
- **Electronic Gate Register** - Electronic Gate Register provides additional security. Readers' barcoded ID cards are scanned at the entrance and exit points. This enables to get the exact number of readers using the library at a particular time.
- **CCTV Camera** – The 16 cameras placed in the various sections of the library helps for vigilance.
- **Fire Alarm** - The library building is fixed with fire alarm facility in order to minimize the possibility of damage from fire.

ORIENTATION AND E-JOURNAL TRAINING PROGRAMME :

The uniqueness of the library is that it has established a separate training zone for the scholars and students to get aware of the online databases and the techniques of searching and capturing the research hits in various bibliographic management software The training programme is scheduled for the entire academic year and the orientation is given by the technically trained staff members and by the invited experts from the neighboring institution.

The main thrust of the library continues to be the improvement of the quality of services and facilities by modernizing activities to achieve higher degree of user satisfaction.

Facilities for Research in the Central Library

The University has a well-stocked central library with INFLIBNET, DELNET, SCOPUS, EBSCO and reprographic facilities. Augmenting these are :

- Newly introduced technologies
- Search product Fedgate single point search facility
- E-resources

- Shodhganga and Shodhgangotri
- EZproxy with remote access to web-based contents
- Anti-plagiarism software like Turnitin & iThenticate for evaluating research articles
- IEEE online
- Virtual resources through UGC-National Knowledge Network

FEEDBACK ANALYSIS OF STAKEHOLDERS AND ACTION TAKEN REPORT (2015 -2016)

INTRODUCTION

The institution collects feedback on curriculum aspects and courses from different stakeholders such as students, alumni, faculty, employers. once the feedback is analysed and valuable suggestions given were considered and necessary actions was executed.

Table 1: Students feedback and action taken report

Based on the students feedback, appropriate changes were made as is notified in the following table.

| S.No | FEEDBACK | ACTION TAKEN |
|------|--|---|
| 1. | Curriculum may be revised including new topics. Flexibility in curriculum and need for skill oriented courses was suggested. The curriculum should include advanced learning modules. | Curriculum was restructured in 2 BoS meetings. Lateral entry to MCA program was recommended Open course on green building concepts and disaster management was introduced by civil engineering department. Environmental studies was introduced as a course for all undergraduate students Anti-corruption, a Co-curricular course was also introduced. |
| 2. | Students suggested the need for job oriented courses, training for facing interviews during campus selection. They also requested to provide career guidance and expert talks by industrialists. | Programs offered by C-DAC Gist PACE multilingual program for advancing computer education was introduced. Carrier guidance programs were given and counselling cell supported the development of soft skills and communication ability. |
| 3 | Awareness among every student especially research scholars to publish articles may be created. Research manuscript quality check can be made free access. | Seminar by IQAC on "Publication-Fear Factor and Impact Factor." was organised. Turnitin- Plagiarism software was made available in University Library for free quality check of Research manuscript. |
| 4. | Faculty-student interaction may be enhanced. Smart class programmes may be made effective. | Learning Management System through interactive activities which enables the mutual interaction between faculty and student was encouraged. Smart Class rooms, Video conferencing etc was made effective by use of ICT. |

| | | |
|----|---|--|
| 5. | Well Equipped Laboratories equipped with advanced instruments can be made available. | Research outcomes of the institution was enhanced by establishment of common Advanced Research Laboratories, State of the art Laboratories Many sophisticated equipment were purchased to carry out active research |
| 6. | Library facilities must be augmented to meet the current requirement of the students to enable efficient learning. | Our Library was equipped with INFLIBNET, DELNET, CYGNUS, SCOPUS Knowledge Portal and reprography facilities. |
| 7. | As extension activities are part of the curriculum, more activities suiting the current needs were to be organised. | Observation of International Yoga Day, SWACCH BHARAT was carried out Talks on Corporate Social Responsibility and Skill India was organised Workshops and Seminars were conducted on Conservation of Environment and Protection of Biodiversity, Techniques of Urban Agriculture, Personal Development, Skill Development, Self Defence Training and Disaster Management, General and Reproductive Health for Women. |

Table 2: Teachers feedback and action taken report

Teachers feedback are very informative to better the existing situation. It is based on the feedback listed action were taken as reported in the table below

| S.No. | FEEDBACK | ACTION TAKEN REPORT |
|-------|---|--|
| 1 | Teachers are appointed as a part of curriculum development committee. Suggestions from all faculties regarding curriculum revision are considered. Inputs are taken for revision of syllabus. | Each Department has the Board of Studies (BoS) meeting twice a year. Feedback given by the subject teachers were put forward to the committee for consideration and the recommendations were implemented |
| 2. | Case study approach may be introduced. Group assignments and projects to be given. | Case study assignments were given to the students. This helped them to acquire problem solving skills. Group assignments and projects were given Interdepartmental projects were carried out. |
| 3. | E- Waste recycling must be encouraged among student community. | Students spread awareness about e waste recycling through community education prog and extension activities |

| | | |
|----|---|--|
| 4. | Evaluation of departmental activities and action plans may be implemented with inputs from subject experts to improve the curriculum. Refresher courses to enrich the learning experience of the faculty may be organised. | Academic audit was conducted in the department level and the inputs received were documented and suggestions were taken forward to be implemented in the BOS meetings Refresher course on “Teaching Mathematics to Visually Impaired Students” was organised. |
| 5. | Impact factor journals may be listed out. Access to Journals can be made free. | List of Journals with impact factor was prepared with the consultation of BoS members and subject experts by each department. Free access facility for faculty and research scholars to e-Journals [INFLIBNET] was given. |
| 6. | Research quality may be enhanced by collaborative research with other institutions in India and abroad. | MOUs/Agreements were signed with Universities and reputed institutions to enrich research experience and facilitate staff and student exchange program. |
| 7 | Research activities must be strengthened by conducting researchconventionsand conferences | Enhanced research activities by conducting Research Convention in the following topics- Research Ethics and Post Research Methods Path Finder - Explore Experiment, Elucidate Research International Conference on Translational |
| | | Cancer Research – ICTCR 2015, “Cutting Edge Science in Cancer Research” was organised Enhanced publications of faculty bringing h-index to 17 |
| 7 | Remote access can be provided to e-Journals. | Proxy mediated remote access to e-Campus, e-Journals/database/e-books were provided. |

Table 3: Parents feedback action taken report

The feedback from parents and in response the action taken is illustrated in the following table.

| S.No | FEEDBACK | ACTION TAKEN |
|------|---|--|
| 1. | Make the teaching more practical based and interesting. | Courses certified by boards like CSTR, ICTACT were introduced. |
| 2. | Focusmoreonresearch-based teaching. Learning strategies to expose the students the latest developments in research. | Departments organized talks by industrial experts and alumni. Industrial and research exposure in various research institutions were provided. |
| 3. | Practical Knowledge to be imparted which will help them to face real life situations. | Mini-Projectmodelsandindividual presentations by students in the institution were encouraged for participating in |

| | | |
|----|--|---|
| | | competitions organised by other institutions were facilitated. |
| 4. | Apart from regular teaching, Social awareness and human values to be imparted to students. | The Centre for Life Long Learning and Extension, Centre for Women Studies, Dr. Ambedkar Studies Centre, Gandhian Studies centre organised several social awareness programs These centres also offered co curricular courses which can be opted by any student during her period of study. |

Table 4: Alumni feedback action taken report

The alumni appreciated the existing pattern of education, they suggested to give more stress to research activities, capacity building and skill training program and the action taken report were given below

| S.No. | FEEDBACK | ACTION TAKEN |
|-------|---|--|
