ANNUAL REPORT 2017-2018

Sri Avinashilingam Home Science College for Women was established by the great patriot and educationist Dr. T.S. Avinashilingam under the auspices of the Avinashilingam Education Trust in 1957 with 45 students. The growth of the Institution has been carefully nurtured to its current heights by the world renowned educationist and nutritionist, former Chancellor of the University, Dr. Rajammal P. Devadas. It is now the largest Institution in the country for imparting Home Science Education at all levels. It was one of the eight colleges on which autonomy was conferred by the University of Madras in June 1978 and the first of the women's colleges to get this distinction. Autonomy gave the College scope for academic freedom for innovations in teaching and research.

The Government of India declared Sri Avinashilingam Home Science College for Women and Sri Avinashilingam Teacher's College for Women as a Deemed University under Section 3 of the UGC Act in June 1988. These Colleges have been renamed as Avinashilingam Institute for Home Science and Higher Education for Women. Dr.P.R.Krishnakumar has assumed the Chancellorship from 23.11.2015

The University follows the educational ideals of Sri Ramakrishna, Holy Mother Sri Saradamani Devi, Swami Vivekananda and Mahatma Gandhi and upholds a life of purity, discipline and service. A temple dedicated to Sri Ramakrishna commands the campus. Daily prayer is an integral part of campus life. All the students and staff are expected to participate in the common prayers.

The University functions under seven faculties, namely, Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development. Each faculty functions under the headship of a Dean.

The pattern of education has been fully semesterised. The academic year is divided into two semesters, each semester having a minimum of 90 teaching days. The semester pattern offers each student individual attention of the teacher and facilitates the students' all- round development. It calls for active participation of the students in the learning process.

Regular attendance is an important feature of the semester pattern. In all programmes, a student should have a minimum of 75 percent attendance for both theory and practicals to appear for the Comprehensive Semester Examinations. Examinations for the courses offered in a Semester are conducted in the same semester to make learning more effective and to reduce the burden on the students.

The integration of NSS, NCC and Sports with the curriculum is a unique distinction of this Institute. While the scheme has all along been voluntary; educationists have started thinking about the incorporation of those in the curriculum itself to give academic status, credibility and credit.

The major and unique educational innovation in the Institute brought forth has been incorporated Community and Social Service (CSS) in the curriculum at the Postgraduate level with academic weightage and credibility. The major tasks of CSS are cooperatively determined to promote action achievable by the level of maturity of the group, permitted by the available resources and defined in terms of behaviour changes among students and the members of the community. National Cadet Corps came into existence in the Institute in the year 1968. Regularly parades are conducted in the campus. In addition the cadets attend various camps and conduct special activities every year.

The Institute has well equipped Library that caters to the research and teaching activities of institutions, a Computer Centre to provide additional support to the computer related activities, an Instrumentation Maintenance Facility (IMF) which provides essential support of servicing and maintaining laboratory instruments and electronic items utilized in various laboratories, a Health Center, Saradalaya Canteen, Hostel for students and Saradalaya Press with modern computerized Offset Printing Press facilities

Examination System

Continuous Internal Assessment (CIA) was first introduced in Avinashilingam Home Science College in the year 1976 and continued in the autonomous set-up. The CIA component which was 25% originally was raised to 40% and then to 50%. Total Internal Assessment was introduced (100%) for Master's Degree students in the year 1988-89, when the college was conferred the Deemed University status. For the Bachelor's Degree Courses 100 percent Internal Assessment was introduced from 1990-91.

Continuous Internal Assessment (CIA) is the most crucial of the educational evaluation process. Teaching, learning and evaluation constitute a unity of functions in education. CIA is an integral part of this trinity. It has been recognized as the best yardstick to measure the students' performance in different aspects. CIA is the best way of evaluating the strengths and weaknesses in students' academic performance.

It provides the necessary feedback to the teaching-learning process. Since teaching and learning is continuous activities, evaluation should also be concurrent and continuous, based on the objectives of higher education in the University. For the students, CIA offers many benefits, knowledge, interest in studies, comprehension, analysis, synthesis, application, evaluation, ability to handle tools and instruments, skills in communication, appreciation and creativity. Most of these cannot be measured externally through a two or three hours of written examination paper alone. Only CIA can indicate to the teacher and the student how well the student is learning and her level/depth of understanding. CIA motivates the student to acquire important skills and abilities which are not included in the external examination, which at the most can assess abilities in recall (memory) of facts, use of numerical data and coherence in written examination. CIA helps students not only to get optimum results but also make them regular,

meticulous and purposeful in their approach to academic performance. It helps them to retain knowledge, since the assimilation period is spread over the semester. Thus last minute preparation just for the final examination is avoided.

12. LIBRARY

The base for the library, the Knowledge hub of the Avinashilingam Institute for Home Science and Higher Education for Women University has been laid down by Dr. T S Avinashilingam, the founding father of the illustrious institution way back in 1957. Under the dynamic leadership and perseverance of the succeeding Chancellors, the Institution Library has knowledge resource centre to promote study and research in the faculties of Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development.

The Library strives to create a lively and enriching intellectual environment for its readers. The collection caters to both the students' academic and recreational requirements. The Institution comprises of four different libraries: The Central Library located in the main campus, Faculty of Education Library (1,248 sq. ft.), Faculty of Engineering Library (10,064 sq. ft.) and Guru Maharaj Library (2,128 sq. ft.) located in campus-II. The Central Library is well planned and is very spacious with a total area of 19,765 sq. ft. with 450 seating capacity. The Library functions throughout the year except a few national holidays. It functions from 09:00 am to 08:00 pm on all working days and from 09:30 am to 01:00 pm during the holidays.

The Central library is equipped with high-tech facilities such as a fully centralized air-conditioned reading hall and the latest ICT facilities spread over all floors. The library building is equipped with a surveillance system and it uses RFID technology for providing automated service to its users. It also offers seamless Wi-Fi connectivity, 24/7 remote access facility and a fire alarm system. The Library is fully automated with in-house and KOHA an open source software. The OPAC (Online Public Access Catalogue) & WEBOPAC system provides easy access to the large database of books, journals and e-resources. All the bibliographic records available in the Central Library can be accessed via the internet and intranet.

The well-stacked racks are user friendly, and the open stacking system allows students to browse the entire collection independently. The readers also have access to online resources which includes e-books, e-journals, e-databases and CD/DVDs. The anti-plagiarism software Urkund helps the researchers to enhance their research writing. The library provides special service for visually challenged students. A special zone has been carved out for the digital library for the digitalization of documents for the institutional repository, question bank and rare books.

The well furnished and illuminated library provides a serene and encourages the students to pursue their academic and research activities.

LIBRARY COLLECTIONS

The library has a rich collection of more than 2,50,768 volumes (Print - 2,43,613 + 71,55 e-Resources) of current information resources to meet the information needs of readers. These include printed books, reference books, theses, online resources, databases and audio-visual aids. During the financial year 2017-2018, the Library acquired 2425 books. The Library subscribed and made renewal for 165 print periodicals and also receives 101 journals as gratis. The library subscribes to various online resources like e-databases (EBSCO, SCOPUS, DELNET), e-journals (IEEE, Ebsco Business Source) and e-books (Springer, Wiley, Pearson, Mc-Graw Hill).

READER SERVICES

During the year 2017-18, The library has 6342 registered borrowers and 1,43,200 book transactions were made at circulation desks (issue, return). Annually 4,72,150 book consultations and 2,73,100 periodical consultation were made by the readers. On an Average 770 users visit the library per day. The library also extends its service to the needs of the scholars from other universities. This year nearly 11 students and staffs from other institutions visited the library for reference. The ILL (Inter Library Loan) request of the students, research scholars and faculty are being fully met through DELNET and J-gate Plus. The library has received nearly 42 articles and three books under Document Delivery Service.

LIBRARY AUTOMATION

The Library has an excellent computing infrastructure, which includes hardware with networking equipment, robust software and has completely automated services with Koha and indigenously developed software. The library has internet connectivity with one Gbps leased line. Software like Grammarly, INFED and Ezproxy help the users to have local and remote access to the library resources on a 24/7 basis by adopting virtual learning environment. OPAC/Web OPAC provides search optimization of the library resources to its users.

The information from the library is disseminated to various departments through campus network. The library has uploaded 430 Ph.D theses & 10 synopses online in Shodhganga Shodhgangotri respectively. The library has access to web based Anti-plagiarism software Urkund under Shodhganga project for evaluating research.

DIGITAL LIBRARY

The Digital Library was created using the DSpace software. Dspace is an open source repository used as digital archives system focused on the long-term storage, access and preservation of digital content. The digitized materials can be accessed through intranet and internet. The following materials are digitalised : staff publications, theses, founder's collection, rare books and question papers

ELECTRONIC JOURNAL BROWSING CENTRE

The library has access to 5,116 E-Journals, 2032 E-Books and seven E-Databases through Institution subscription and e-ShodhSindhu (INFLIBNET) membership. A separate browsing centre with more than 50 system and two high end server is established in the library for accessing these resources.

LIBRARY SERVICES

The library has extended a wide range of services viz;

- Circulation service
- Reference service
- Web-based Online Public Access Catalogue
- Internet access
- Digital library
- **Remote access and Wi-Fi facility**
- Reprography, printing and scanning
- Anti-plagiarism software
- Newspaper clipping service
- **Inter-Library Loan (ILL)**
- Facilities for students with special needs
- Radio Frequency of Identification (RFID) facility
- Library orientation

The library provides Special Services to students with special needs. The library facilitates learning of students with visual impairment with the provision of software such as : JAWS (Job Access with Speech Software) (Visually Impaired), Kuruzweil Reading Machine Software (Visually Impaired/ Low Vision), Magic Software and specially configured hardware such as Readit Wand and Read Easy Move.

LIBRARY SECURITY FACILITIES

- **RFID (Radio Frequency Identification)** – RFID has added the benefit of improving book security. The three dimensional security gate kept in the library entrance helps to avoid book thefts.
- **Electronic gate register** - Electronic Gate Register provides additional security. Readers' barcoded ID cards are scanned at the entrance and exit points. This enables to get the exact number of readers using the library at a particular time.
- **CCTV Camera** – The 16 cameras placed in the various sections of the library helps for vigilance.
- **Fire Alarm** - **The library building is fixed with fire alarm facility in order to minimize the possibility of damage from fire.**

ORGANISING CONFERENCE, TRAINING AND ORIENTATION PROGRAMME

A one day National Conference was organized by the Library on “Contemporary Dimensions in Library and Information Science” on 27.1.2018. Seventy five papers were received and the conference proceeding was released by Dr. YoudVir Singh, Head of the Library and Documentation Division in Association of Indian Universities (AIU). The conference on “**Contemporary Dimensions in Library and Information Science**” emphasized the need to disseminate knowledge through teaching, publications and extensive programmes and to satisfy the present and future information needs of the users by evolving efficient systems of information storage and retrieval.

The uniqueness of the library is that it has established a separate training zone for the scholars and students to get aware of the online databases and the techniques of searching and capturing the research hits in various bibliographic management software; The training

programme is scheduled for the entire academic year and the orientation is given by the technically trained staff members and by the invited experts from the neighboring institution.

The main thrust of the library continues to be the improvement of the quality of services and facilities by modernizing activities to achieve higher degree of user satisfaction.

25. THANKS

With the abundant blessings and the Grace of God Almighty and the blessings of the Architects of this Institution Dr.T.S.Avinashilingam and Dr.Rajammal P Devadas, under the dynamic leadership of our Former Chancellor Dr.T.S.K.Meenakshisundaram and Chancellor Dr. P.R.Krishnakumar, we have successfully completed this academic year. We would like to record our grateful thanks to our Former Chancellor Dr.T.S.K.Meenakshisundaram and the Present Chancellor Dr.P.R.Krishnakumar for their continuous and wise counsel, support and guidance. We are thankful to the members of the General Body and Board of Management for their co-operation, valuable suggestions and guidance. We extend our sincere thanks to the members of the Academic Council, Boards of Studies, Finance Committee, Planning and Monitoring Board and other Committees for their guidance and timely help.

The Deans, Heads of the Departments, Teaching and Non-Teaching staff have given their sincere and dedicated service to the Institution for which we are always thankful to them. We record our appreciation and thanks to the Students' Union Chairperson, Co-Chairpersons, Secretary, Joint Secretary, other office bearers and all the students who involved themselves fully and participated in the curricular, co-curricular and extra curricular activities. We express our sincere thanks to the parents for their wonderful support and co-operation. We are extremely grateful to the Press, Doordarshan, All India Radio and other media for their help and support.

We are grateful to the University Grants Commission, the Government of India and the Government of TamilNadu for their financial assistance and Department of Science and Technology-Govt.of India, for encouragement and rendering financial assistance.
