Coimbatore-641043**

ANNUAL REPORT 2014-2015

Sri Avinashilingam Home Science College for Women was established by the great patriot and educationist Dr. T.S. Avinashilingam under the auspices of the Avinashilingam Education Trust in 1957 with 45 students. The growth of the Institution has been carefully nurtured to its current heights by the world renowned educationist and nutritionist, former Chancellor of the University Dr. Rajammal P. Devadas. It is now the largest Institution in the country for imparting Home Science Education at all levels. It was one of the eight colleges on which autonomy was conferred by the University of Madras in June 1978 and the first of the women's colleges to get this distinction. Autonomy gave the College scope for academic freedom for innovations in teaching and research.

The Government of India declared Sri Avinashilingam Home Science College for Women and Sri Avinashilingam Teacher's College for Women as a Deemed University under Section 3 of the UGC Act in June 1988. These Colleges have been renamed as Avinashilingam Institute for Home Science and Higher Education for Women. Dr. T.S.K.Meenakshisundaram has assumed the Chancellorship on 2.12.2010. He is a follower of the Founder-President Dr. T.S. Avinashilingam Ayya Avargal.

The University follows the educational ideals of Sri Ramakrishna, Holy Mother Sri Saradamani Devi, Swami Vivekananda and Mahatma Gandhi and upholds a life of purity, discipline and service. A temple dedicated to Sri Ramakrishna commands the campus. Daily prayer is an integral part of campus life. All the students and staff are expected to participate in the common prayers.

The University functions under seven Faculties, namely, Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development. Each faculty functions under the headship of a Dean.

The pattern of education has been fully semesterised. The academic year is divided into two semesters, each semester having a minimum of 90 teaching days. The semester pattern offers each student individual attention of the teacher and facilitates the student's all round development. It calls for active participation of the students in the learning process.

Regular attendance is an important feature of the semester pattern. In all programmes, a student should have a minimum of 75 percent attendance for both theory and practical to appear for the comprehensive semester Examinations. Examinations for the courses offered in a semester are conducted in the same semester to make learning more effective and to reduce the burden on the students.

The integration of NSS with the curriculum is a unique distinction of Avinashilingam Deemed University from 1991. While the scheme has all along been voluntary, educationists have started thinking about incorporating it in the curriculum itself to give it an academic status, credibility and credit. Avinashilingam Deemed University which has a rich heritage in community service and outreach activities had the urge and courage to pioneer in this noble venture and introduced NSS as a core subject in the Undergraduate curriculum.

The major and unique educational innovation the University brought forth has been incorporating Community and Social Service (CSS) in the curriculum at the Postgraduate level with academic weightage and credibility. The major tasks of CSS are cooperatively determined to promote action achievable by the level of maturity of the group, permitted by the available resources and defined in terms of behavioural changes among students and the members of the community. National Cadet Corps came into existence in the university in the year 1968. Regularly parades are conducted in this campus. In addition the cadets attend various camps and conduct special activities every year.

The University has well equipped library that caters to the research and teaching activities of institutions, a computer centre to provide additional support to the computer related activities of the University, an Instrumentation Maintenance Facility (IMF) which provides essential support of servicing and maintaining laboratory Instruments and Electronic items utilized in various laboratories of this university, a health centre, Saradalaya Canteen, Hostel for students and Saradalaya Press with modern computerised Offset Printing Press facilities.

Examination System

Continuous Internal Assessment (CIA) was first introduced in Avinashilingam Home Science College in the year 1976 and continued in the autonomous set-up. The CIA component which was 25% originally was raised to 40% and then to 50%. Total Internal Assessment was introduced (100%) for Master's Degree students in the year 1988-89, when the college was conferred the Deemed University status. For the Bachelor's Degree Courses 100 percent Internal Assessment was introduced from 1990-91.

Continuous Internal Assessment (CIA) is the most crucial of the educational evaluation process. Teaching, learning and evaluation constitute a unity of functions in education. CIA is an integral part of this trinity. It has been recognized as the best yardstick to measure the students' performance in different aspects. CIA is the best way of evaluating the strengths and weaknesses in students' academic performance.

It provides the necessary feedback to the teaching-learning process. Since teaching and learning are continuous activities, evaluation should also be concurrent and continuous, based on the objectives of higher education in the University.

For the students, CIA offers many benefits, knowledge, interest in studies, comprehension, analysis, synthesis, application, evaluation, ability to handle tools and instruments, skills in communication, appreciation and creativity. Most of these cannot be measured externally through a two or three hours of written examination paper alone. Only CIA can indicate to the teacher and the student how well the student is learning and her level/depth of understanding. CIA motivates the student to acquire important skills and abilities which are not included in the external examination, which at the most can assess abilities in recall (memory) of facts, use of numerical data and coherence in written examination. CIA helps students not only to get optimum results but also make them regular, meticulous and purposeful in their approach to academic performance. It helps them to retain knowledge, since the assimilation period is spread over the semester. Thus last minute preparation just for the final examination is avoided.

12. Library

The base for the library, the Knowledge hub of the Avinashilingam Institute for Home Science and Higher Education for Women University has been laid down by Dr. T S Avinashilingam , the founding father of the illustrious institution way back in 1957. Under the dynamic leadership and perseverance of the succeeding Chancellors, the University Library has knowledge resource centre to promote study and research in the faculties of Home Science, Science, Humanities, Education, Business Administration, Engineering and Community Education and Entrepreneurship Development.

The very purpose of our library is to integrate the information support system with the educational activities in all possible ways and to leap forward to the expectations of the academic community of our University and also those who resort to our library resources from other academic and R & D institutions.

The Library with 17500 sq.ft area is a domain for information seekers. It has the capacity to accommodate above 330 readers at a time. The Library functions throughout the year except a few national holidays. It functions from 9.00 am to 8.00 pm on all working days and from 9.30 am to 1.00 pm during the holidays. The Library provides open access system for all users.

Library Collections

The Library has rich collection of more than two lakh volumes comprising Books, Journals, Theses, Dissertations, Backvolume of serials and Non-book materials etc. The Library has a separate Book Bank for SC/ST students. During the financial year 2014-2015, the Library acquired 2237 books. The Library subscribed and made renewal for 248 print journals and also receives 30 journals as gratis. The library subscribes to various online resources like e-databases (EBSCO, SCOPUS, DELNET), e-journals (J-Gate Management Sciences) and e-books (Springer, Wiley, Pearson, Mc-Graw Hill).

Reader Services

During the year 2014-15, The library has 4813 registered borrowers and 1,97,190 book transactions were made at circulation desks (issue, return). Annually 4,60,700 book consultations and 4,32,270 periodical consultation were made by the readers. On an Average 1410 users visited the library per day. The library also extended its service to the needs of the scholars from other universities. This year more than one hundred students and staff members from other institutions visited the library for reference. The Inter Library loan request of the students, research scholars and faculty are being fully met through DELNET and J-gate Plus. The library has received nearly 41 articles under Document Delivery Service.

Library Automation

The Library has an excellent computer infrastructure, which includes hardware with networking equipment, software and help-desk facility and it has been completely automated, well networked with Wi-Fi connectivity. The library has internet connectivity with one Gbps leased line. The introduction of **LMS - Koha software, FedGate and Ezproxy** software help the faculty members, scholars and students to have local and **remote access** to the library resources on 24/7 basis and provides access anytime & anywhere by adopting virtual learning environment. The information from the library is disseminated to various departments through campus network.

Digital library:

The library has signed an **MoU with UGC-INFLIBNET** to digitize and upload the full text Ph.D and M.Phil theses under Shodhganga project.

The **financial assistance of ` 10.75 lakhs** has been sanctioned by UGC under the scheme of **Shodhganga project** for the **purpose of setting up of ETD lab and digitization of M.Phil and Ph.D theses** (2007-2012). Now nearly 125 Ph.D thesis & 10 synopses are available online under Shodhganga respectively. The library has access to web based Anti-plagiarism software Turnitin and **iThenticate** to our university under the **Shodhganga project** for evaluating research.

Electronic Journal Browsing Centre

The University library has access to more than 20,550 **e-journals, 1690 e-books, 14 e-databases** through **UGC-INFONET e-journal** consortium and subscription. A separate browsing centre with more than 50 system and two high end server is established in the library for accessing these resources.

Library Services

The library has extended a wide range of services viz., E-learning Service, E-Alert Service, Domain – Specific User Orientation, Document Delivery Request, Service on Request, Multimedia Service, E-Reference Desk, Photocopying Service and Virtual Reference Library.

The library provides **Special Services to Visually Challenged**. The library facilitates learning of students with visual impairment with the provision of software such as JAWS (Job Access with Speech Software) (Visually Impaired), Kuruzweil Reading Machine Software (Visually Impaired/ Low Vision), Magic Software and specially configured hardware such as Readit Wand and ReadEasy Move. The library through the “**Earn while you Learn**” scheme supports the needy students.

Library Security

- **RFID (Radio Frequency Identification)** has the added benefit of improving book security. The three dimensional security gate kept in the library entrance helps to avoid book thefts. Nearly 1,00,000 books are tagged with RFID labels and all new books purchased are tagged immediately. The RFID staff terminal enable the use of multiple book issue/return. The Wanda reader helps for quick inventory of stock and for tracing books. The library has procured self service KIOSK to enhance the circulation activity.
- **Electronic gate register** provides additional security. Readers' barcoded ID cards are scanned at the entrance and exit points. This enables to get the exact number of readers using the library at a particular time.
- **CCTV Camera** – The 16 cameras placed in the various sections of the library helps for vigilance.
- **Pest Control** – As a preventive measure, for the maintenance of books, pest control is carried out in the library this year.
- **Fire Alarm - The library building is fixed with fire alarm facility in order to minimize the possibility of damage from fire.**

Orientation and e-Journal Training Programme

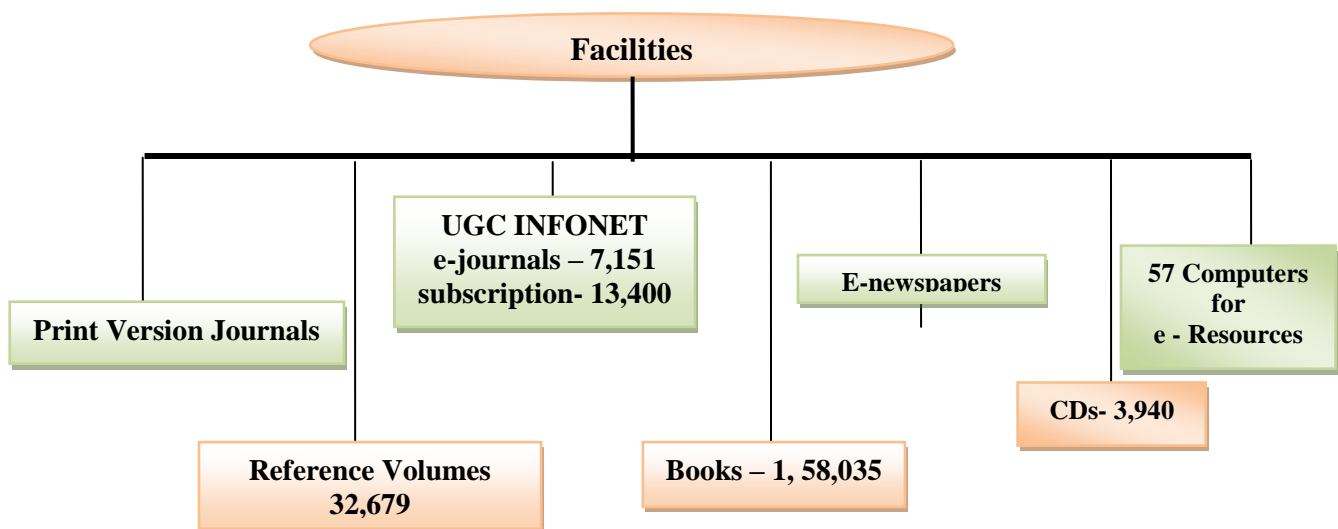

The uniqueness of the library is that it has established a separate training zone for the scholars and students to get aware of the online databases and the techniques of searching and capturing the research hits in various bibliographic management software. The training programme is scheduled for the entire academic year and the orientation is given by the technically trained staff members and by the invited experts from the neighboring institutions.

The main thrust of the library continues to be the improvement of the quality of services and facilities by modernizing activities to achieve higher degree of user satisfaction.

Facilities for Research in the Central Library

The University has a well-stocked central library with INFLIBNET, DELNET, CYGNUS, SCOPUS Knowledge Portal and reprography facilities. Augmenting these are:

- Newly introduced technologies
- Search product Fedgate offering single point search facility
- e-resources
- Shodhganga and Shodhgangotri
- Epoxy providing with remote access to Web-based contents
- Anti-plagiarism software like Turnitin & iThenticate for evaluating research articles
- IEEE journals through INDEST
- Virtual resources through UGC-National Knowledge Network
