DEPARTMENT OF TOURISM MANAGEMENT

&

INTERNAL QUALITY ASSURANCE CELL

Cordially invites your for the Seminar on Research Methodology

Guest : Dr.D.Dilip
Associate Professor
RVS Institute for Management Studies, Sullur

Topic : Research Methodology

Venue : ROOM No.201

Time : 10.00 a.m to 1.30 p.m

Audience: All PG students of Tourism Management

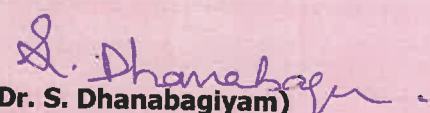

Report

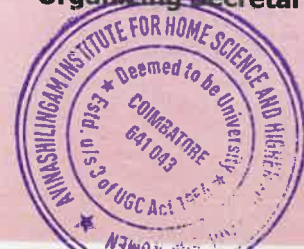

The Department of Tourism Management conducted a Two-day Seminar on Research Methodology on 15th & 16th March 2017. The session held in Room No.201 from 10.00 am to 01.30 pm in the Tourism Department premises. The program started with a prayer song rendered by Ms. Swetha of I MBA Tourism and Travel Management. Thereafter, the welcome address was given by Dr. Bindu V.T, Assistant Professor (SS) and Head (i/c), Department of Tourism Management.

From there the session had been taken over by our esteemed resource person Dr. D. Dilip, Associate Professor, RVS Institute for Management Studies, Sulur, Coimbatore. Bending down to the level of I PG students, the resource person started to deliver the concepts right from the basics of Research Methodology on Day 1 and had brought the flow till its applications in Management by Day 2. At the end of both the days, the resource person also kept a question-and-answer session, where the students were able to clear their doubts. The seminar on the second day ended with a vote of thanks marked by Dr. S. Dhanabagiyam, Assistant Professor, Department of Tourism Management. Overall, the students found the seminar to be very productive. IQAC Director, thanked the organizers

**Dr.D Dilip, Associate Professor, RVS Institute for Management Studies, Sulur

**PRE AND POST
PERSPECTIVES OF
RESEARCH CONVENTION**

4th March, 2017

**Internal Quality Assurance Cell
&
The Organising Committee
cordially invites you to the
Inaugural Meet of the
Research Convention**

Programme Schedule

04.03.2017 Saturday

Venue of Meet : Thiruchitrambalam Auditorium
Inauguration : 9.00 a.m. - 10.30 a.m.

Prayer

Welcome Address : **Dr. Vasugi Raja**
Dean, Faculty of Home Science
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore

Presidential Address : **Padma Shri Dr. P.R. Krishnakumar**
Chancellor
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore

Introducing the
Subject Experts : **Dr. Chitra Sivasubramaniam**
Asst. Professor, Department of English
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore

Inaugural Address
& Keynote Address : **"Ethical Perspectives of Research"**
Dr. Deepika Bhaskar
Deputy Dean Research
The Research Council
University of Delhi

Greetings : **Dr. Premavathy Vijayan**
Vice Chancellor
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore

10.30 a.m. - 10.45 a.m. : **Tea Break**

Forenoon Session

10.45 a.m. - 11.15 a.m. : **Research Design and Problem Identification**
Dr. Sudha Ramalingam
Professor, Department of Community Medicine
PSG Institute of Medical Sciences & Research
Coimbatore

11.15 a.m. - 11.45 a.m. : **Reviewing, Review of Literature**
Dr. Vanitha
Registrar i/c
Bharathiar University
Coimbatore - 641 046

11.45 a.m. - 12.30 p.m. : **Group Discussion in their
Respective Departments**

12.30 p.m. - 1.00 p.m. : **Lunch Break**

Afternoon Session

1.00 p.m. - 2.30 p.m. : **Group Discussion in their
Respective Departments**

2.30 p.m. - 3.15 p.m. : **Formulation of Research Proposal**
Dr. A. Sharada Devi
Emeritus Professor
Department of Apparel and Textiles
College of Home Science
Acharya NG-Agricultural University
Rajendra Nagar, Hyderabad

3.15 p.m. - 3.45 p.m. : **Preparation of Research Article
for the Scopous**
Dr. P. Parvathi Easwaran
Retd. Dean, Faculty of Home Science
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore

3.45 p.m. - 4.30 p.m. : **Journal Indexing**
Dr. P.R. Padma
Professor, Department of Biochemistry
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore

Report on Proceeding of Research Convention

Executive Summary

The 12th research convention of the institute on the theme 'Pre and Post Perspectives of Research' was held on 4th March 2017 at the University campus. The convention focused on educating and guiding the research scholars belonging to various domains of the institute towards quality research. About 149 research scholars (both M.Phil. and Ph.D.) of various disciplines participated and benefitted out of the programme. Eminent speakers from various institutes across India shared their expertise on topics such as ethics in research, methodology, literature review, statistical analysis, article writing for Scopus journals, and journal indexing.

The highlight of the convention was one to one interactive session organized for research scholars with subject experts of their domain, which provided them a platform for discussing their specific research topic in detail and modifying the objectives and methodology towards quality research work in the right direction.

About the Convention

The one day UGC sponsored Research Convention was organized on the theme 'Pre and Post Perspectives of Research' for the benefit of research scholars of the institute. Today, higher education institutions are producing doctorates in large number, but their novelty and originality of research is questionable. Therefore, Avinashilingam Institute for Home Science and Higher Education for Women, which is known for value based education and uncompromising standards in all fronts had been organizing series of research conventions in order to ensure quality research work among research scholars. The 12th convention of the institute addressed the issue of substandard research work by sensitizing the scholars on the need for ethics in research which would ultimately lead to quality research output.

Research, when undertaken seriously is a difficult task. It requires comprehensive understanding of the domain subject, its applications, methodology, documentation, and publication. Generally, anybody finds themselves as lost in the sea, when they start the research work looking for some guiding stars or lighthouse to lead them in the right direction. They look for guidance at each stage – from selection of the research problem to thesis writing. Hence, this convention had provided a platform for the research scholars to carry out their work with more clarity and conviction.

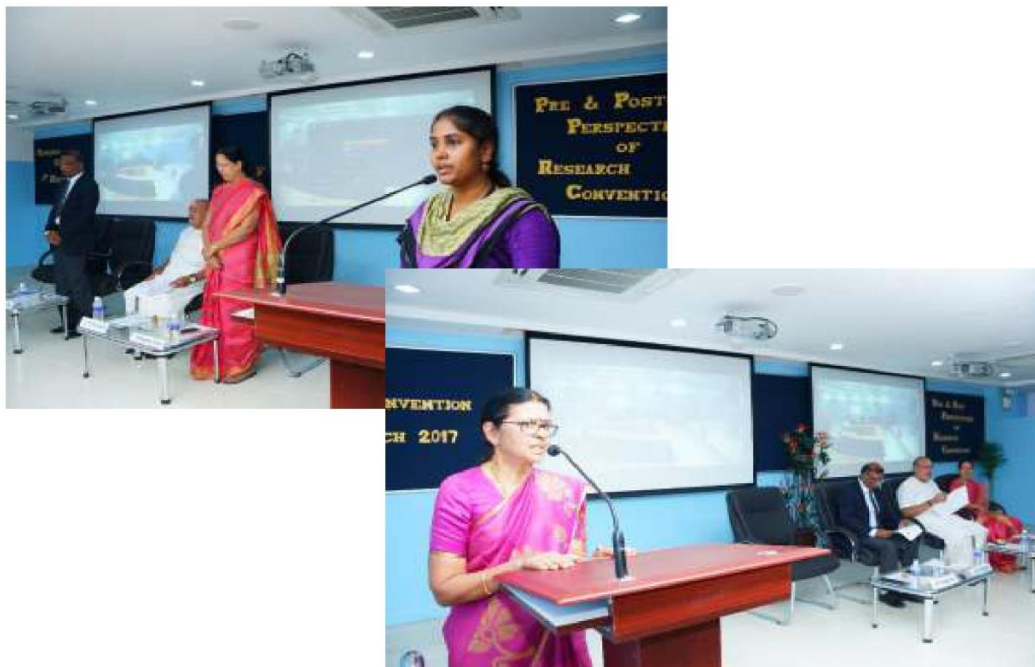

Objectives

- To sensitize the research scholars on the importance of ethical research.
- To familiarize the research scholars with research basics and resources.
- To motivate and encourage quality journal paper publications.
- To provide research scholars an opportunity to discuss their specific research problem / issues with the subject experts.

PROCEEDINGS

Inauguration

The convention began at 9 am by invoking the blessings of God Almighty.

Dr. V. Saradha Ramadas, Professor & Head, Food Service Management and Dietetics and co-ordinator of Research Convention welcomed the dignitaries, invitees and participants with her bouquet of words to the convention. She explained the purpose of the convention and assured the participants of a better learning experience. She further insisted the research scholars to make the best out of the programme.

Followed by the welcome address, **Dr. P. R. Krishnakumar**, Chancellor delivered the presidential address. At the outset, he appreciated the organizers on conceiving such event and wished the scholars good luck. During his address, he highlighted that significant research in general has far reaching impact on the society. What was traditionally called as 'logical reasoning' has been rechristened as 'research'. When it comes to research we generally perceive that the western scientists have outperformed Indians. But, how did great science like Ayurveda was found in India? Research was practiced by our ancestors in varied forms.

Research is 'not having faith in past and rechecking if we can prove or disapprove it'. He quoted about three types of eyes as quoted in the popular book 'The Third Eye' by Lobsang Rampa. According to the author, the first eye is 'the biological eye' which acts like a microscope to scan objects around us; the second eye is 'the mental eye' which keeps the thought process active and the third eye is the 'eye of consciousness' which is also called as 'inner eye' which refers to invisible eye which provides perception beyond ordinary sight. It is the subconscious awareness of the surroundings and interactions of the environment. Human beings need to be aware of the happenings around him/her using 'third eye' as the internal tool. The citation from 'The Third Eye', would have opened the 'two biological eyes' of all participants to kindle their thought process in all verticals through their 'mental eye' and to analyze and make sense using the third eye - 'the inner eye'. This process would not only bring success and laurels to oneself but enable oneself to taste the impeccable 'self-actualization' which is the sole purpose behind God's creation of mankind.

He also recorded that west has started coming to India for various sciences. Ayurveda invented by Indians have been proved after series of test and henceforth declared by UCNA as an alternative treatment system to be accepted worldwide. India had witnessed great scientist in the past and is going to witness in the future too....But what is lacking is the quality of research at present. He stated that 'You are an equipment of yourself' and remarked that research is not just in laboratories. Astrology, Vastu, Yoga are also sciences that have emerged as outcome of research. He also emphasised about the uniqueness of the institute in the context of research activities and concluded with remark that 'We are different...We are far above others'.

Dr. M. Daniel, Principal, SNS Rajalakshmi Arts & Science College, Coimbatore delivered the inaugural address. He insisted that though research is common to everyone, the methodology varies and accordingly provide varied results. He discussed at length on the types of research and emphasized that research needs both 'theoretical and Empirical' concepts. According to him, 'In Science, Theory and Experiment should go hand in hand'. He also clarified on the purpose of doing research by various categories of people such as students to get a degree, passion lovers who pursue research out of love and curiosity, and professionals as a part of their career. One need to understand clearly the purpose of research and should have a clear vision about it. The spirit of research need to evolve out of passion and from one's inner mind. Research is boundary-less.... it can be pursued anytime and anywhere. He also narrated his personal incident of becoming a researcher. Quality research comes out of passion and publications are not only measure of quality work. Research needs to be taken to common mankind in the society in the form of stories and concepts that are simpler to understand. Researcher needs to have curiosity, creativity and innovativeness in order to correlate theory and application.

Dr. Daniel further explained about 'Theory of Relativity' proposed by Albert Einstein way back and its application to many novel things in the present. He further remarked that 'Mahatma Gandhi is the best innovator as he thought that Ahimsa and Satyagraha could also bring peace unlike nonviolence. He quoted few innovative scientific ideas and its conceptualization. Further, he expressed his sympathy that in spite of great institutions like IIS, AIMS, IITS fostering research, we are still lacking quality research publications in China are five times ahead of India and in terms of research power, we have four per 10000 labourers which is far behind the under developed Kenya which has six per 10000 labourers. Therefore, we have a long way to go. In his concluding remarks, he insisted that in-depth research have to be taken up by scholars with passion in order to contribute to quality research.

Later, Dr. Premavathy Vijayan, Vice Chancellor offered her greetings to the convention. During her address, she reiterated that life of Chancellor itself is a research. She further explained the idea behind the event and that the experts from various parts of India would help in refining the research work of the scholars. Vice Chancellor briefed about the legacy of the institution since its inception and highlighted that research was nurtured in the institute from its inception. She further insisted the scholars to carry out 'application oriented' research such that it can be carried out to common man. She also spoke about the nuances of statistical tools and its interpretation. She also expressed that the institute would be ready to support the scholars with necessary infrastructure and environment for pursuing quality research. She concluded with tons of wishes to the organizers, experts and research scholars.

Post tea, Dr. Chitra Sivasubramaniam, Asst. Professor (SG), Dept. of English introduced the immediate speaker Dr. Deepika Bhaskar, Deputy Dean – Research, The Research Council of India, New Delhi.

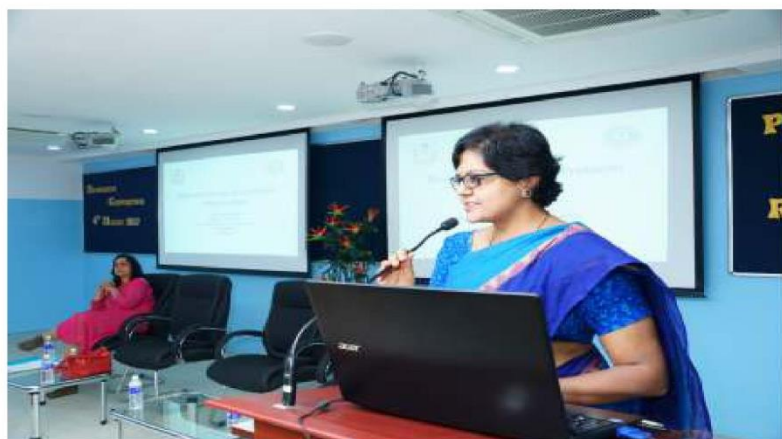

KEY-NOTE SESSIONS

Dr. Deepika Bhaskar delivered a session on 'Ethical Perspectives of Research' during which she discussed the length and breadth of ethics in undertaking research. She opened her session with traits and components of academic values, principles and integrity. She explained non-integrity with case examples of research crime worldwide along with its consequences. She emphasized the role played by 'Office of Research Integrity' across the countries. She highlighted on some of the indigestible research facts that more than one third of scientific information on internet is incorrect; 85 percent of investment in biomedical research is wasted due to inadequate reporting and half of the published research cannot be replicated. She further spoke on 'Plagiarism' and its types. She spoke elaborately on 'intentional' and 'unintentional' plagiarism. Dr. Deepika explained ways to overcome plagiarism by giving proper citations wherever required and in the manner required.

Her slide on 'Responsible ways of using internet' was quite interesting in the google dominant research era and she emphasized on the need to have their own 'Academic Integrity Policy' for the universities to produce quality research outputs. Further, she explained various types of research misconduct with examples of 'retracted articles'. Code and policies for research ethics and necessity of ethical approval was strongly recommended by the speaker. She concluded with re-emphasis on the ethical principles such as honesty, objectivity, integrity, carefulness and openness. Each slide of Dr. Deepika Bhaskar was loaded with useful information which served as a treat to both eyes and minds of the scholars.

The next keynote session on 'Research Design and Problem Identification' was dealt by the eminent speaker **Dr. Sudha Ramalingam**, Professor, Dept. of Community Medicine, PSG Institute of Medical Science and Research, Coimbatore. The speaker had three fold agenda of discussing the importance of problem identification, designing good research questions and choosing appropriate research design for the study. She gave valuable inputs to scholars regarding identification of research problem with practical examples from her domain of medicine. She also insisted that the criteria for research questions should be FINER (F-Feasibility, I-Interesting, N-Novel, E-Ethical and R-Relevant). In the latter part of her address, she focused on the various types of research design such as Observational and Interventional along with its sub-categories. Each type of design was well explained with a practical example along with colourful slides providing treat to the eyes as well. The pros and cons of each type of design was well delivered to the scholars and this session was short, informative and knowledge enhancing.

Prior to lunch, one to one interactive session by the domain experts with research scholars was organized at their respective department venue which provided a platform for the scholars at various stages of their research work to clarify their doubts and take guidance for proceeding ahead with their research work. The domain experts were introduced by the staff co-ordinators of various department before the start of the interactive session.

The subject experts for various streams are as follows:

*Dr. Varadharajan, Assistant Professor (SG) in Finance,
PSG Institute of Management, Coimbatore*

*Dr. N. Pakutharivu, Associate Professor, PG and Research
Department of Management, Hindustan College of Arts
and Science, Coimbatore*

*Dr. Gandhidurai, Department of Tamil, Thiyagaraja College,
Madurai*

*Dr. G. Meneka, Associate Professor, Department of English
PSGCAS, Coimbatore*

*Dr. S. Boopathi, Professor, Department of Economics,
Bharathiar University, Coimbatore*

*Dr. Ezhilarasi, Department of ETE,
Kumaraguru College of Technology, Coimbatore*

*A. Sharada Devi, Emeritus Professor,
of Apparel and Textiles College of Home Science
NG-Agricultural University, Hyderabad*

*Dr. Malini Jayasurya,
Resource Management, Bengaluru*

*Dr. A. J. Hemamalini,
FSN*

*Dr. A. Amutha, Scientist - YDR Projects,
Department of Epidemiology, Madras Diabetes Research Foundation &
Dr. Mohan's Diabetes Specialities Centre, Chennai*

*ramanian, Associate Professor of Agri Extension
lege of Agriculture Station, Madurai*

*Dr. Ram Ganesh, Prof. & Head & Co-ordinator UGC SAP,
Dept of Education Technology, Bharathidasan University Trichy*

*Dr. R. Madhavi, Prof. & Head, Dept. of Music,
Tamil University, Thanjavur*

*Dr. G. Sudha, Professor, Department of Biochemistry,
Periyar University, Periyar Palkalai Nagar, Salem*

*Dr. A.A. Mohamad Hatha, Professor, Dept. of Marine Biology,
Microbiology & Biochemistry, School of Marine Sciences,
Cochin University of Science and Technology, Cochin*

*Dr. S. Abraham John, Professor, Department of Chemistry,
Gandhigram Rural Institute, Dindigul.*

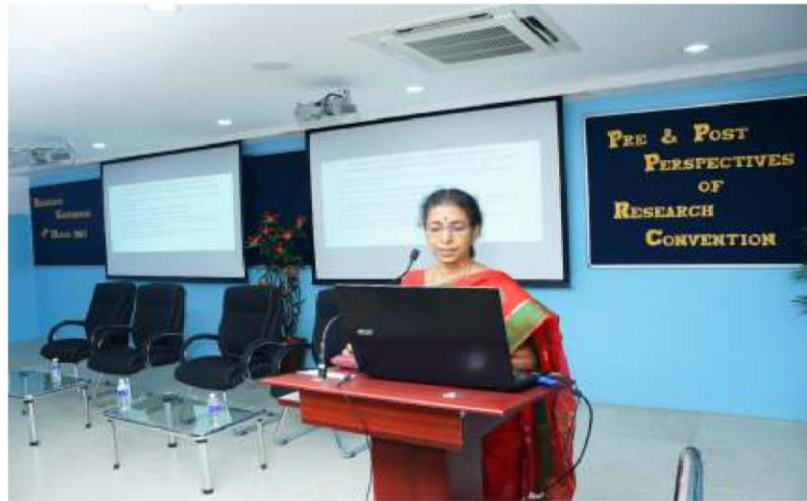

*Dr. V. Balamurugan, Professor/CSE and Director - IQAC
Manonmaniam Sundaranar University
Tirunelveli*

*Dr. Sai Sundrekrishnan, Department of Maths
PSG Tech, Coimbatore.*

Technical Session - 1

Post lunch was the session on 'Formulation of Research Proposal' by Dr. A. Sharada Devi, Emeritus Professor, Department of Apparel and Textiles College of Home Science, Acharya NG-Agricultural University, Hyderabad.

In her opening remarks, she described research proposal as a tentative plan which helps the researchers to structure their thoughts and ideas. She further dealt with various types of research along with real-time examples. She discussed the contents of the research proposal step by step starting with abstract, introduction and background which includes the objectives and description about variables of the study, Methodology, Tentative plan, data analysis, significance of study and finally time frame of the study in the form of a Gantt Chart. She made an interesting comparison that the introduction is like face to human body, objectives are the heart, methodology and analysis is the body and finally conclusion is like the legs which bears the whole weightage of the research work. The do's and don'ts of each section of the proposal presented by the speaker was of real significance to research scholars in fine tuning their preliminary work.

In totality, the scholars got a 'holistic' picture of preparation of their research proposal. She concluded with a strong note that 'If proposal is well drafted, research is half done as it serves as a blue print that leads researchers through various stages of their research work'.

Technical Session - 2

The next session was presented by Dr. B. Vanitha, Registrar I/C of Bharathiar University, Coimbatore on the topic 'A Review on the Review of Literature'. She started with the significance of review of literature, purpose of doing review and the contents of literature review. She proposed a structure for presenting the review in a tabular format which would provide the details of collected reviews in a nutshell. She further elaborated on organizing review either based on chronological order or based on trends /history/geographical basis or based on thematic way. Dr. Vanitha also presented few examples of writing reviews from her scholarly experiences. She concluded her session with different referencing styles for reviews.

Technical Session - 3

Dr. P. Parvathi Easwaran, Former Dean of Home Sciences, Avinashilingam University for Women deliberated on 'Preparation of Research Articles for Scopus Journals'. Her initial few slides covered on 'Scopus' and significance of writing journal articles which are indexed with 'Scopus'. She quoted that 'If your research is not published, it does not exist'. Also, she discussed about the need and stages in scientific publishing. Topics such as peer review and its importance, types of manuscript, choice of journal for publication, language of manuscript, impact factor, H index and order of manuscript were presented clearly with relevant examples.

Technical Session - 4

The last session on 'Importance of Indexing of Journals and Impact Factor' was dealt by Dr. P.R. Padma, Professor, Dept. of Bio-Chemistry, Avinashilingam University for Women. The presentation started with the need for publication and where to publish. She highlighted that today 'publish or perish' has been transformed into 'publish in indexed journals or perish'. She stated that 'indexing' is nothing but quantifiable parameters of performance for both journals and authors. The quantifiable parameters are indexing, impact factor, citation index, h-index and recent one being g-index.

Dr. P.R. Padma listed the various indexing bodies of journal for various domains such as web of science, scopus, Google Scholar, Econlit, Index Copernicus, PsycInfo, SCIRUS etc. She further gave an example of impact factor calculation and cautioned about fake impact factor publishers. She insisted the scholars to consider the impact factor published by Thomson Reuters which is universally acceptable and known for its standards. Interesting part of her presentation was that she demonstrated the way to get h-index from Google scholar and also discussed on g-index. She also demonstrated the E-databases of the university along with its various links and insisted scholars on productive use of the resources available in the campus.

Feedback by Staff co-ordinators from various faculties....

*Dr. S. Rajalakshmi
Faculty of Home Science*

*Dr. T. Angayarkanni
Faculty of Science*

*Dr. T. C. Parvathi
Faculty of Humanities*

*Dr. K. Ramya
Faculty of Business Administration*

*Dr. M. Chandravadana
Faculty of Education*

*Dr. T.K.S. Lakshmi Priya
Faculty of Engineering*

Dr. S. Amsamani, Co-ordinator of Research Convention handing over memento to Dr. P. R. Padma

The convention ended gracefully with a formal vote of thanks by Dr. V. Janaka Maya Devi, Associate Professor, Music Department during when she expressed her gratitude rhythmically to the Invited Guest, Management, Deans, HODs, Staff coordinators, supporting staff and all the participants.

Kudos to the Research Convention Team!

REPORT

A training program was jointly organized by the Internal Quality Assurance Cell (IQAC) and Department of Psychology for the Teaching and Non-Teaching staff of the Avinashilingam University on 20-10-16 in the Seminar Hall of Dr. Rajammal P. Devadas, Home Science block. The program was presided over by Dr.A. Venmathi, Registrar(i/c).

The sessions were delivered in three parts. 'General awareness, stress at work and management'. The session started with an ice-breaker. This facilitated an ease in the participants to become interactive and lively. The participants were educated on the different types of stress mainly physical, emotional and psychological. They were further given real life examples on positive and negative stress. The participants were vocal in stating the different causes of stress they experience. The Effects of stress was impressed upon that varied from individual to individual and in different environments. As a respite games and activities were included to refresh their mind and body. Life- skills strategies like Time-Management, Decision Making, Positive Thinking, Healthy Lifestyle and Humor were reiterated as a requirement for stress-free life. Components like negative self-talk, self-criticism; pessimistic thinking and over-analyzing were taught to be disregarded. The staffs were encouraged to develop a good interpersonal relationship with optimistic thinking, engage in social etiquettes of appreciation and acceptance of compliments.

They were trained in managing their stress through deep-breathing, relaxation, laughter therapy, smile therapy and tension releasing exercises. This was greatly appreciated by the participants both teaching and non-teaching staffs on the whole, conducted by Dr. N.S. Rohini and Dr. S. Gayatridevi respectively.

“Digitalization of Documentation”

18.10.2016

Avinashilingam
Institute for Home Science and Higher Education for Women
University
(Stat. act 3 of UGC Act 1956)
(Decreed University under Category 'A' by MHRD)
Culterberry-541243, Tamil Nadu, India
Recognized with 'A' Grade by NAAC

The Internal Quality Assurance Cell (IQAC)

&

Computer Centre

cordially invite you for the Training Programme on

Digitalization of Documentation

at 10 am on Tuesday 18th October 2016

Dr. K. Sivakamasundari

IQAC Co-ordinator

Avinashilingam University

will preside over the function

Dr. P. Lalitha

Faculty Incharge(IQAC), Department of Chemistry

Avinashilingam University

&

Mr. Balaji

XGISL

will conduct the training

Venue: Academic Council Hall

The one-day training programme on "Digitalization of Documentation" began with registration, followed by inauguration.

Venue : Academic Council Hall
Time : 10am to 4pm
Beneficiaries: 188 Faculty members

The inaugural session was presided by Dr.K.Sivakamasundari, Director, IQAC. After the prayer song, Dr.K.Sivakamasundari welcomed the gathering and apprised the faculty participants on the objectives of the training programme. Dr.P.Lalitha, Associate Professor of Chemistry, took over the session .

The session started with the need for digitalization of documentation. The number of files manually maintained by IQAC was highlighted to the participants. The pros and cons in management of manual files and need for digitalization was insisted.

| Faculty development details | Events attended | Projects | AQAR | Action plan and ATR | Benchmarking |

The present system of data collection includes email, paper documents and photocopies of proofs . Data storage is in hard disks and files.

Periodically IQAC needs data consolidation for monitoring the academic and administrative growth of the university. IQAC reports to NIRF, UGC, NAAC with the data collected from all the stake holders of the Institute. Also periodically reports are submitted to the institute for Board of Management meeting, Annual day, Newsletter etc. This demands information from all stakeholders.

Report on Youth and Skills

As part of association activities the students of Economics Department had the opportunity to listen to Dr.K.G. Uma Shankar, Director, Avinashilingam JSS, who delivered a special lecture on “youth and skills” on 05.08.2016. He emphasized that in today's age of globalisation and technological volatility, skill building is an important instrument to increase the efficacy and quality of labour for improved productivity and economic growth. Skill building is a powerful tool to empower individuals and improve their social acceptance. The skill development training is a multi-skill program. It helps to increase the talent of the youth and different schemes are offered to achieve their goals. Skill Development is an ability and capacity acquired through deliberate, systematic, and sustained effort to smoothly and adaptively carryout complex activities or job functions involving ideas (cognitive skills), things (technical skills), and/or people (interpersonal skills). He also pointed out that in everyday life; the development of life skills helps students to:

- Collaboration across networks and leading by influence.
- Agility and adaptability.
- Initiative and entrepreneurialism.
- Effective oral and written communication.
- Accessing and analyzing information.
- Curiosity and imagination.
- Critical thinking and problem-solving.

At the end of the speech time was allotted for the students to have interaction with speaker.

Cordially invite you for
a Workshop on

Entrepreneurship Development

by

Dr.B.A.Muralidharan

Assistant Professor,

Department of Textile Technology,

A.C. Tech Campus, Anna University, Chennai.

Date : 29/07/2016

Time: 9.45 am to 4.30 pm

Venue: Room No. 260, Home Science block

Report of Workshop on Entrepreneurship Development

The workshop **Entrepreneurship Development** which was organized by Department of Textiles & Clothing on 29/07/2016 for III B. Sc Textiles and Apparel Designing , which was given by **Dr.B.A.Muralidharan, Assistant Professor, Dept of Textile Technology, A.C. Tech Campus, Anna University, Chennai.**

Dr.B.A.Muralidharan delivered a lecture on Entrepreneurship development is the means of enhancing the knowledge and skill of entrepreneurs through several classroom coaching and programs, and training. The main point of the development process is to strengthen and increase the number of entrepreneurs. This entrepreneur development process helps new firms or ventures get better in achieving their goals, improve business and the nation's economy. Another essential factor of this process is to improve the capacity to manage, develop, and build a business enterprise keeping in mind the risks related to it.

In simple words, the entrepreneurship development process is about supporting entrepreneurs to advance their skills with the help of training and coaching classes. It encourages them to make better judgments and take a sensible decision for all business activities. He also narrated the important role of entrepreneurs in the field of textiles. This workshop helped the students to know about entrepreneurship development and growth towards the peak.

Dr.B.A.Muralidharan

Assistant Professor, Dept of Textile Technology
A.C. Tech Campus, Anna University, Chennai.
