Preface

The gateway to observe the students is through the Analysis Report generated at the time of admission. This adds a unique contribution by the institute towards creating intellectual capital needed to support Empowered Nation building process.

The students would fill in a form at the time of their admission and a database is created for both under graduates and post graduates. This data is subject to empirical analysis and the outcome of the analysis presents the full background of the students to enable the faculty members to chart out learning plans and design developmental models. This helps in bring about interventional and transformational changes in designing curricular and co-curricular components, Tutor- Ward system, ICT enabled Learning, Re-engineering program thus fortifying the institutional culture of seeking highest standards of quality.
