Seminar on “Opportunities for Higher Studies in Waseda University, Japan

The Department of Computer Science and Engineering, Centre for Machine Learning and Intelligence (CMLI), and Avinashilingam Centre for International Education (ACIE), Avinashilingam Institute for Home Science and Higher Education for Women, successfully organized the Seminar on “Opportunities for Higher Studies in Waseda University, Japan on 12.11.2025. Dr. V. Bharathi Harishankar, Vice Chancellor presided over the function and spoke about the civilizational connections between India and Japan. She emphasized that both countries share a common vision for shaping the future of the students. The keynote address was given by Dr. Shigeru Fujimura, Dean, School of Information, Production, and Systems, Waseda University, Japan. In his address, he elaborated on the courses and academic procedures at Waseda University and MEXT scholarship. He also highlighted the university’s strong research opportunities and the wide range of openings available in the field of Information, Production, and Systems (IPS). Mr. Prasanna Parthasarathy, Founder of the Japan Tamil Professional Expat Network (JTPEN) and Global Sales Director at LTIMindtree, Japan, gave an overview of the education system and career opportunities available in Japan. Dr. Thiru Jeevanandam, Chief Technology Officer (Retd.), Yokogawa Electric, Japan, explained the procedures and application process for admission to Waseda University. The event brought together 150 number of participants, including students, faculty and researchers to provide valuable insights into the diverse academic programs and scholarships available in Waseda University. The clear explanation of admission procedures and Japan’s welcoming academic environment motivated and inspired aspiring students.
