Such earnest efforts to harvest rain water has

- **Helped to raise water table in the campus areas**
- **Create awareness among stakeholders in the campus on methods of harvesting rainwater**
- **Facilitate less use of water (during raining season) from public distribution system**
- **Inculcate a value laden, life oriented practice to all consumers in both the campuses**
- **Curtail waste of storm water flowing out of Campus 2 through check bunds in appropriate locations**
- **Contribute for a national cause and a global cause in the longer run**
- **Oblige to Government's appeal to conserve a very precious resource - WATER**
