**The following matter was put forth and resolved:**

**Transparency in Valuation of Paper**

Three students applied for Transparency (3 papers) for the examination held in May 2024 with the prescribed fees. The photocopies of the answer scripts were provided to the students, and they interacted with the subject experts to clear their doubts in the answer scripts evaluation. One student was satisfied, and the other two students were not satisfied with the valuation. Hence they were advised by the committee members to apply for revaluation. (The students applied for transparency with their remarks enclosed). The committee recommended the examination section for further follow.
